Subject: DRAFT FY19 Work Plan
Importance: High

Hi Erica – please see attached. I look forward to discussing it with you.

Per your request, we were pleased that we managed to get the bulk of the work plan text (before the appendices) down from 60 pages to less than 40. Progress on consolidation!

Still missing are several appendices, including: revised budget, staff updates, “completed projects” table, and “outcome” table. Also included are several comment notes to various staff who are still working on answering them. I will include their revisions in the final.

Cheers,

Karina Johnston
